Why do you want to coach Ringette?

What knowledge or skills can you teach these players?

In your opinion, what qualities should a coach possess to ensure a successful season?

Players participating on a competitive team must earn their ice time. Managing these situations will require the use of strategic lines to be effective. In what instances will you use these strategic lines? Please explain.

The Association does/will not condone players who are disrespectful towards staff, team members and officials. Given this expectation, how do you intend to manage the discipline of disrespectful players?

The expectation of competitive teams includes participation in dryland training, on-ice practices, as well as following nutritional guidelines and an exercise regime, in addition to attendance at all games. How will you manage your teams` mandatory inclusion in these events?

The cost of participation on a competitive and regional team can be substantial. How will you work with your manager and parents to meet the budgetary requirements of the team?

Have you ever been dismissed, reprimanded or suspended by any amateur sports organization? Explain.

Have you ever received a gross misconduct penalty during or following a game? Please explain

Additional Comments or information (please provide any relevant information pertinent to your coaching application which will assist the committee in the selection of experienced bench staff)
